

Arizona Housing Coalition

Speaking Up for Home and Hope

**A NOTE
FROM OUR
BOARD
CHAIR**

Dear Members & Friends,

On behalf of the Arizona Housing Coalition's Board of Directors, I would like to thank our members and partners for their support as we collectively work towards an end to homelessness and advocate for safe, affordable homes for all Arizonans.

Celebrating a year since the Arizona Coalition to End Homelessness and the Arizona Housing Alliance merged to form the Arizona Housing Coalition, there could not be a more critical time to amplify the voice for affordable housing solutions, in addition to increased funding for supportive services to help all Arizonans secure and maintain a safe, stable home. Across the state, and nation, we're seeing headline, after headline, after headline about the short supply of housing options affordable to so many, but especially our state's working class and minimum-wage earners.

At the Arizona Housing Coalition, we continue to push forward in our work to end homelessness and housing instability through advocacy, education, and collaboration. We continue our efforts to restore the state housing trust fund. But even with its current allocation of approximately \$5 million, it falls far short from the \$40 million the fund once had to meet the housing needs of our growing state.

Policy solutions are moving quickly at all levels from federal to state to municipal to address this crisis. We've seen progress, like the creation of Opportunity Zones by the federal tax reforms, and the recent decision by the Flagstaff City Council to include a \$25 million affordable housing bond on the November ballot. But we've also seen setbacks, primarily at the federal level with proposed slashes to affordable housing programs, proposed rent hikes, and proposed work requirements for those in most need of public assistance.

By joining and supporting the Arizona Housing Coalition, we invite you to speak up about the ever-growing need for funding and increased investments in affordable homes. We thank you for your advocacy and look forward to your continued support as we work towards lasting solutions. As we move into our second year as the Arizona Housing Coalition, we are honored to count you as a valued supporter and partner in this work, and look forward to continuing to be the voice for the many organizations, agencies, and programs working to end homelessness and advocate for affordable homes in Arizona every single day.

Sincerely,

Gloria Munoz, Board Chair

Last year's annual conference sold out for the second consecutive year, with unique networking and learning opportunities for housing and homeless service professionals.

EDUCATE Housing and homeless services are constantly evolving with policy and industry changes. To meet these needs, the Arizona Housing Coalition provides education, training, and networking opportunities, in addition to our Annual Statewide Conference on Affordable Housing and Homelessness. Further, we continue the dialogue and learning on how to best address housing injustices affecting minorities and people of color in their efforts to gain and maintain housing stability. Together with our community development partners, we seek to further the intersectional education of connecting health care into our homes and communities.

We are committed to a highly-trained workforce equipped with best practices in ending homelessness and increasing the supply of safe, affordable homes for all.

Ensuring the issues of affordable housing and homelessness remain top of mind for our elected officials, we make regular visits to our elected officials at all levels from Congressional to state to local.

ADVOCATE

The Arizona Housing Coalition champions funding priorities focused on increased development of affordable housing and the aligning of resources which address homelessness and housing instability. With over 200 organizational members, and counting, we keep our members informed about important policy, regulatory changes, and bills at the state and national level. Through membership, your voice is amplified in our state capitol and beyond.

COLLABORATE

Through building partnerships, the Arizona Housing Coalition works collaboratively to increase the supply of affordable homes, and build capacity among service providers. We are the proud home of the Arizona Veterans StandDown Alliance (AVSA), and convene working groups around issues like housing counseling, rural housing, and the low-income housing tax credit (LIHTC) program.

The AVSA's annual Maricopa County StandDown attracts over 1,500 veterans each year, connecting veterans and their families to critical services needed to ensure health and housing stability.

MEMBERSHIP LEVELS & BENEFITS

The core of our organization is our membership, and we welcome all individuals and organizations with interest in ending homelessness and advocating for safe, affordable homes for all Arizonans to join us.

To learn more about the benefits of being a member of the Arizona Housing Coalition, please contact Sylvia Waynick at sylvia@azhousingcoalition.org or by calling (602) 340-9393, ext. 108.
